

Sandra Sorensen

My name is Sandra Sorensen. I've been married for 26 years and have 2 grown children and 1 grandchild. We have called White Rock our home for 15 years. I'm so happy to be here at Sage Cottage. I have over 15 years combined experience in preschool and home daycare service working with children with different developmental and emotional delays. I recently completed my Certification in Montessori Education and have obtained an Early Childhood National Administrators Credential. I continue to further my education in early childhood through Conferences and classes.
