

## **Sherri Haertling**

My name is Sherri Haertling, and I attend Texas Tech University. I am 19 years old, and have lived in Los Alamos my entire life. I have 2 younger siblings (a sister that's 13 and a brother that's 5) as well as a plethora of young cousins, so I have pretty much always been around kids. I absolutely love being around kids and interacting with them, so I really enjoy my job. In addition to my interest in children, I participated in the LAHS Key Club, layout designer for the school's yearbook, and member of National Honor Society. In my free time, I like to draw, play video games, read, or hang out with my little brother.
