

Susana Lopez

Hi! I am from Penasco, NM, married and have 2 adult sons. I taught in the elementary public schools for 25 years and retired in May of 2005. I began working at Sage Cottage in June of 2006 after spending one year substituting in the Penasco schools (grades K—12). My first day at work at Sage Cottage I went home and told my husband, “I am working in baby heaven!”, and I still feel the same to this day. I love working with the little people at our school. In August of 2008, I became Site Director.

Formal education includes: BA in Educations, MA in Technology, and Early Childhood National Administrators Credential.
